OWN BRANDS

VERSO VERSO

In the STANDARD class, products under the VERSO trademark are distinguished by high reliability and safety. On average, these products are 20% more expensive than the BASIC class, but at the same time, their operational properties are significantly improved.

POWERMASTER

In the BASIC segment, under the POWERMASTER brand, RVD, fittings and couplings, quick-release couplings, equipment for RVD, plastic protection are produced. The price and excellent quality are of particular importance in this brand!

TRAKTOR

Under the TRAKTOR brand we produce fittings, adapters and RVD. This type of product belongs to the BASIC class. TRAKTOR is high-quality RVD at affordable prices manufactured in accordance with world standards!

PRODUCTION

One of the areas of our company's activity is the production of high-pressure hoses. The production line includes: cutting and debarking equipment, pressure hose crimping machines, flushing equipment and a test bench for high-pressure hoses.

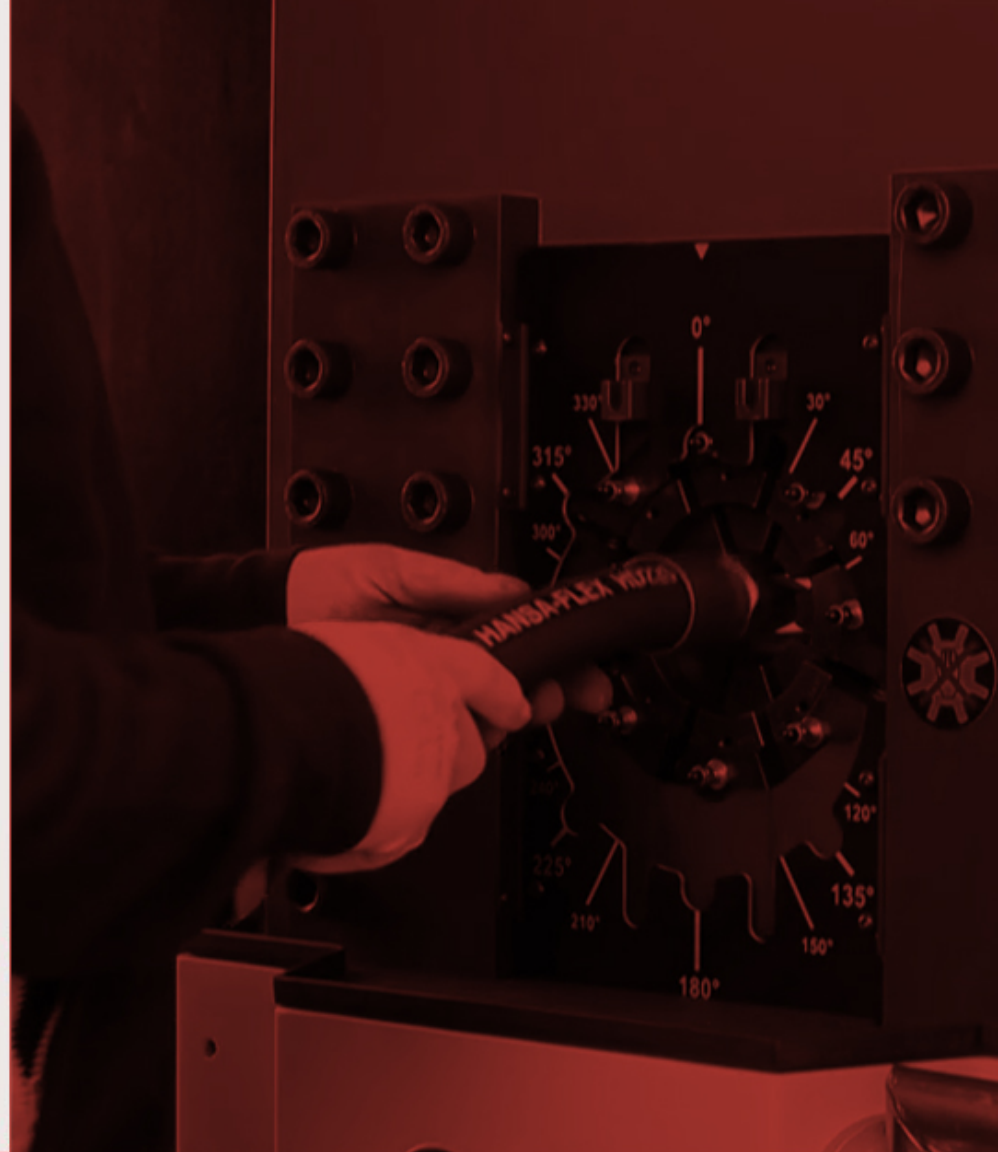

Productivity - up to 30,000 hoses per month of all the most popular diameters. The maximum diameter of a six-winding hose is 2", industrial hose - 4".

High quality of finished high-pressure hoses is guaranteed by: high-quality components from leading European manufacturers, strict adherence to production technologies, input and output quality control of products, high qualification and experience of personnel.

QUALITY

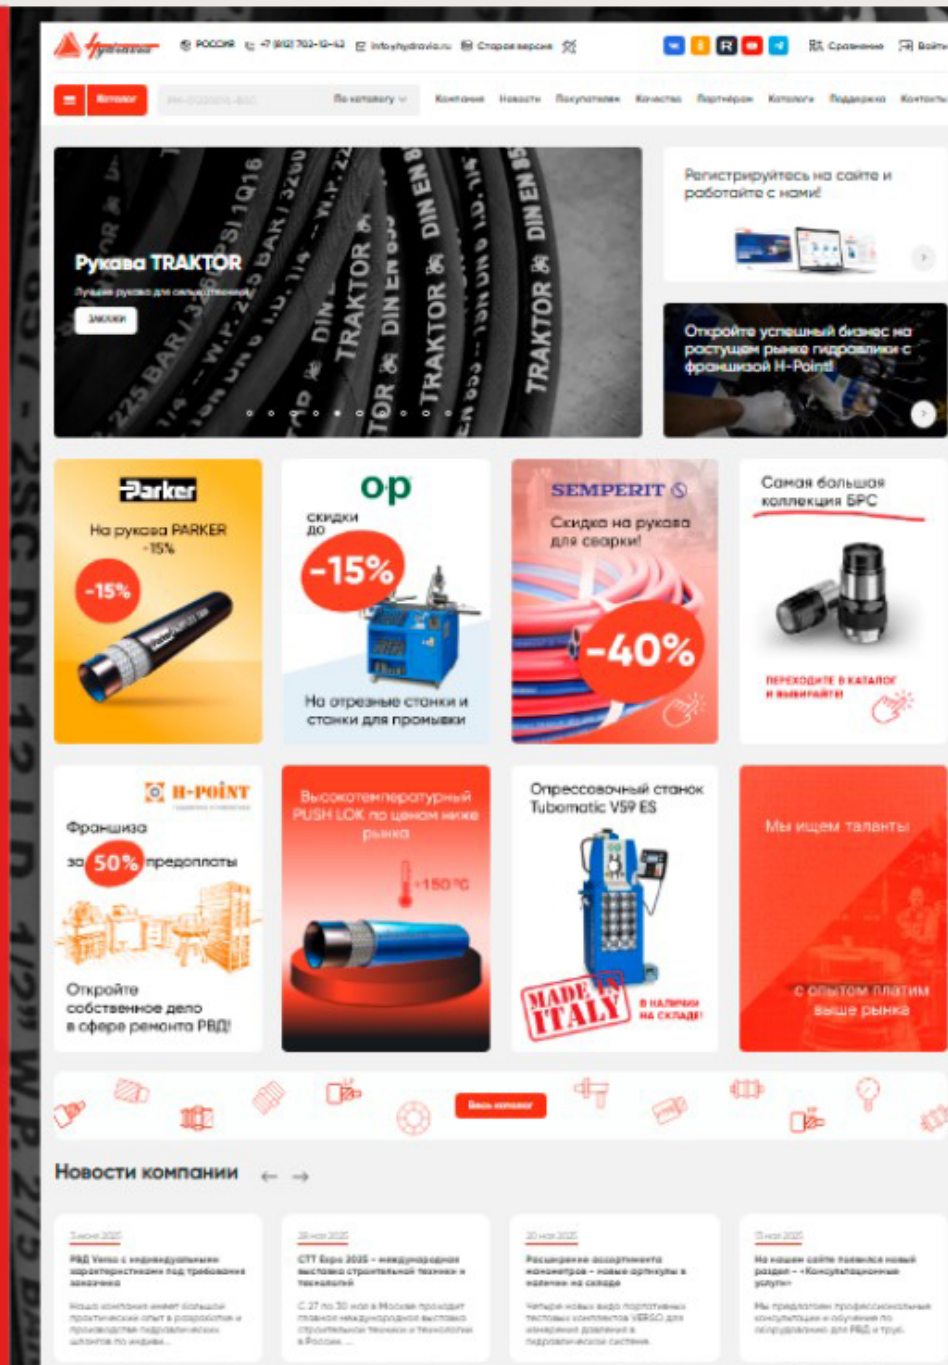

Our company has implemented a quality management system certified for compliance with the international standard – ISO 9001:2015 and the Russian Federation standard – GOST R ISO 9001-2015.

In accordance with the requirements of the standard GOST R ISO 9001-2015 (ISO 9001:2015), the company has identified and regulated QMS processes.

On our website you will find a wide range of products, relevant and useful information.

- The catalog contains 17 product lines.
- The catalog is updated weekly.
- Convenient filters for selecting and comparing products.
- Articles, news and market reviews.
- Up-to-date product catalogs.
- Extensive database of technical documentation.
- Information about promotions and special offers.
- Manufacturer compatibility tables.
- Training videos.
